

MEDICRAFT AUTO CPAP

MODES: CPAP,AUTOCPAP
PRESSURE RANGE: 4-20 MBAR
MASKS: Nazal and Oranazal (Optional)
ACCESSORIES: Li-ion Battery, Humidifier, Lighter Adapter
OPERATING PRINCIPLE: Pressure Targeted
ADDITIONAL INDICATORS: None
PROGRAMS: MAP v2
Adapter: 60W

COLOR: White
WEIGHT: 1.3 kg
DIMENSIONS: 17 x 23x 23,6 cm
SOUND LEVEL: 28 db
ENERGY CONSUMPTION: 24W
POWER SOURCE: 100-240VAC 50-60HZ 45W
STORAGE TEMPATURE: -25°C – +75°C
OPERATING TEMPERATURE: 5°C – +40°C
HUMIDITY: 5-95%
WARRANTY: 2 YEARS

AUTOCPAP FLEXIBILITY FEATURE

There is three stage of flexibility. This feature consist of the most important factors that increase the comfort and adaption of therapy.

3 CHANNEL ALGORITHM

3 channel algorithm detects apnea,hypopnea,snoring events. The patients is monitoring throughout the treatment and the required pressure level is applied autamatically with advanced software.

WIRELESS TITRATION

Sleeping events can be observed in real time with detailed graphs with Special Medicraft software. The most accurate therapy pressure and device model is determined for the patient.
